Min. Size: **3,000 sq ft**

Max. Size: **7,000 sq ft**

AMENITIES

- Parking
 - 24hr Security
 - CCTV
-

DESCRIPTION

Designed by internationally-acclaimed architects Foster + Partners, The Troika adopts the concept of a twisting building, where each floor rotates as the building rises. The 3 towers were pinned around dramatic shear walls, giving it a strong linear character. A total of 231 units, apartments, penthouses and SOHOs are housed within the towers.
